➤ About Us

Niremet Oy is an international trading company based in Espoo, Finland.

We work with metals and metal industry additives such as Pig irons, Nodularisers, Inoculants, Recarburisers, Silicon carbide (SiC), Ferro alloys, Noble alloys, Abrasives, Steel shot, Steel grit, Refractories and metal chemicals solutions.

Established: 2017

Location: Finland

Focus: Strategic partnerships and strong business networks in metals and industrial chemicals.

Limited Liability Company registered in Finland, Trade Register No. **FI28550442**.

➤ Products

Metals

- **Nickel**

- FerroNickel - Granules Grade 1
- FerroNickel - Granules Grade 2
- Nickel Full Plate Cathode Class 1
- Nickel Full Plate Cathode Class 2

- **Copper**

- Copper Cathode
- Copper Rod (8MM)

- **Ferrochrome**

- **Aluminium**

- 1000 Series
- 6000 & 8000 Series

- **Magnesium Metal**

- **Manganese Metal**

- **Chrome Metal**

- **Nickel**

- **Cobalt**

- **Silicon Metal**

- **Tin**

- **Lead**

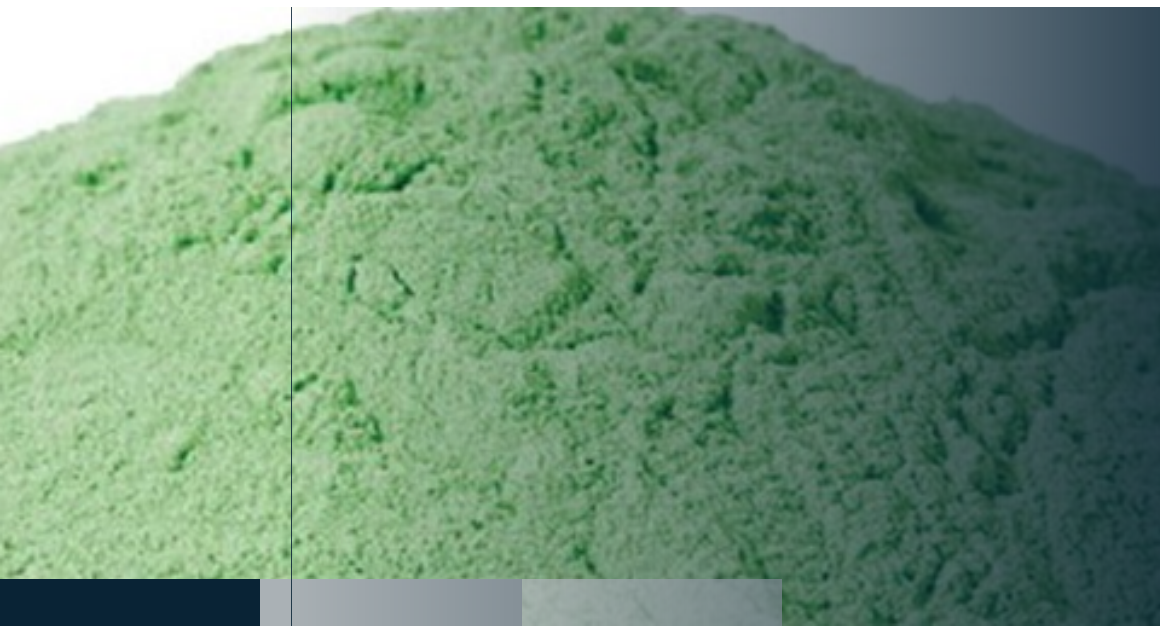

Metals

➤ Products

Battery Grade Metals

- Nickel Carbonate (Ni: 49% min)
- Nickel Sulphate (Ni: 22.15% min)

Battery Grade Metals

➤ Products

Metals Chemicals

Metals Chemicals

- Antimony
- Arsenic
- Bismuth
- Cadmium
- Chromium
- Cobalt
- Gallium
- Germanium
- Copper
- Indium
- Iodine/Iodine Salts
- Lead
- Lithium
- Manganese
- Molybdenum
- Nickel
- Phosphate
- Selenium
- Silicium
- Silver
- Tin
- Tellurium
- Tungsten
- Vanadium
- Zinc
- Acids
- Organics

➤ Products

Coal

Coal

- Anthracite
- PCI (Pulverized Coal Injection)
- Injection Carbon
- Charge Carbon
- Recarburizer (Coal Section)
- Steam Coal
- Coking Coal

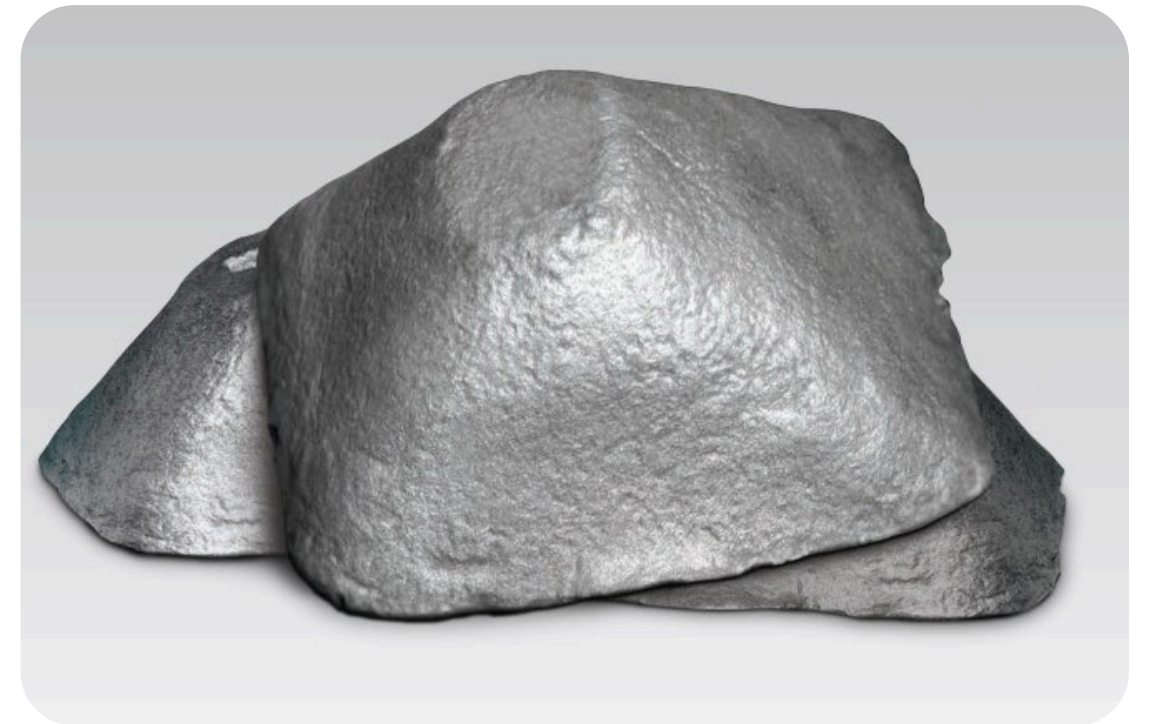

➤ Products

Pig Iron

- Nodular Pig Iron
- Basic Pig Iron
- Foundry Pig Iron

Pig Iron

➤ Products

Nodularisers

- Mg Cored Wire
- Ferro Silico Magnesium
 - (FeSiMg 522, 522 Low Al, 610, 611, 611A, 731, 731A, 931, FeSiMg+La, Innotal 100)

Nodularisers

➤ Products

Inoculants

- INOBAR[®] / GRAFIDIN[®]
- INOSTRONG[®] /
INOSTRONG[®] 50
- LMC[®]
- INOCAST[®] 175 / ZL 80[®]
- INOCAST[®] 125 /
ZIRCOGRAF[®] / ZIRCOBAR[®]
- INOCAST[®] 100

- SPHERIX[®] / SPHERIX[®] Plus
- AMERINOC[®] / CERINOC[®]
- FeSiLa[®]
- WIN4[®]

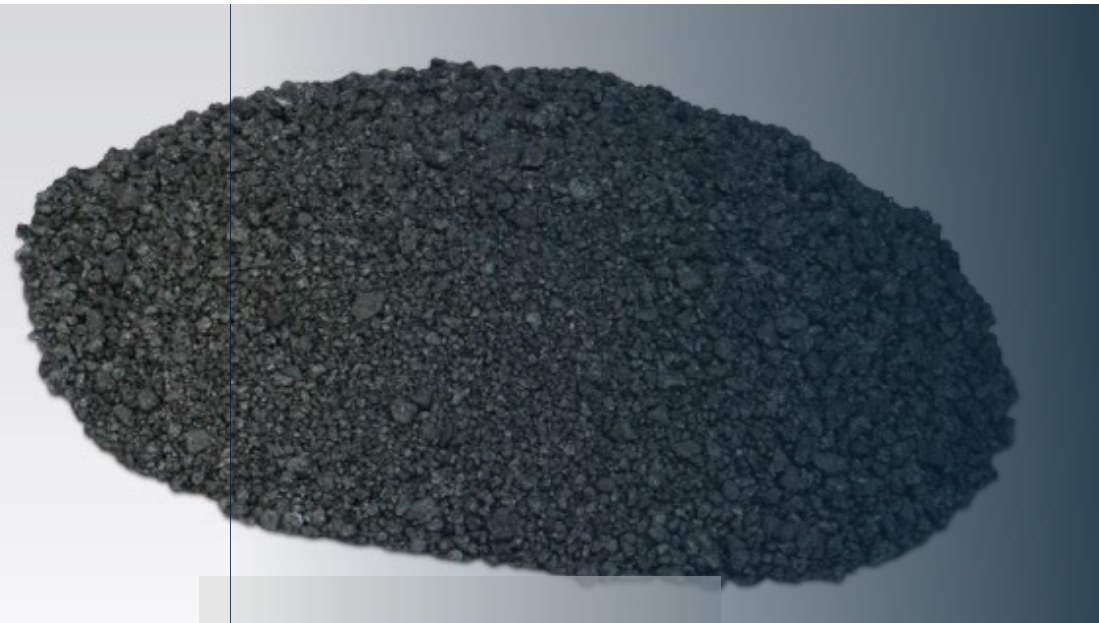

Inoculants

➤ Products

Recarburisers

- ELSICARB S
- ELSICARB G

Recarburisers

➤ Products

Silicon Carbide

- Silicon Carbide (Metallurgical Grade)

Silicon Carbide

➤ Products

Ferro Alloys

- Ferro Silicon
- Ferro Silico Manganese
- Ferro Manganese
- Ferro Sulphur
- Ferro Phosphorus
- Ferro Chrome

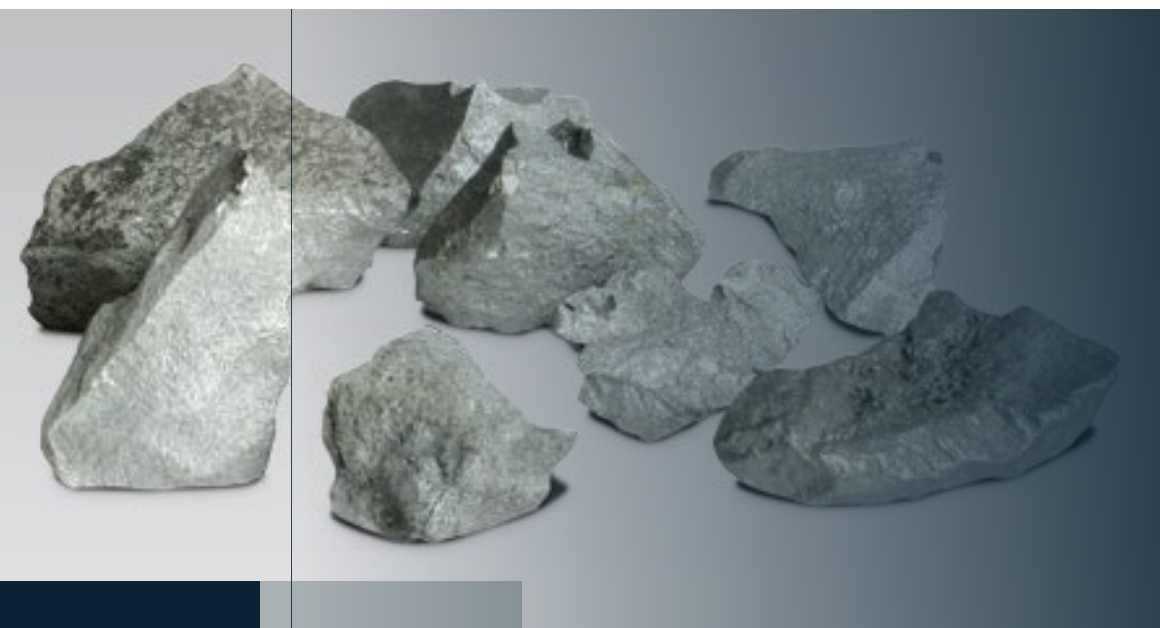

Ferro Alloys

➤ Products

Noble Alloys

- Ferro Titanium
- Ferro Niobium
- Ferro Molybdenum
- Ferro Boron
- Ferro Tungsten
- Ferro Vanadium
- Molybdenum Metal – Bar
- Molybdenum Metal – Briquettes

Noble Alloys

➤ Products

Abrasives

Abrasives

- Stainless Steel Shot
- Steel Shot
- Steel Grit

➤ Products

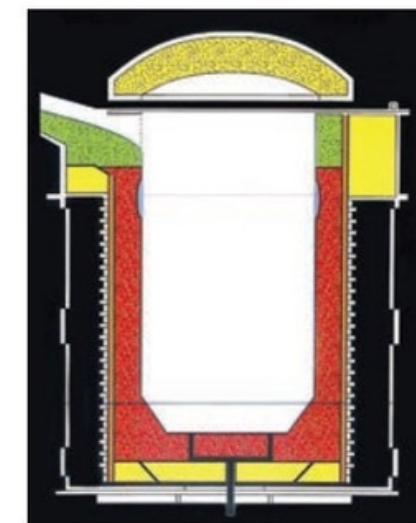

Refractories

Refractories

- Basic Refractories
 - Dolomite Refractories
 - Fireclay & High Alumina Refractories
 - Silica Refractories
 - Special Refractories
 - Silicon Carbide & Zircon Refractories
- Neutral Linings for Induction Furnaces
 - Minerals / Raw Materials

Magna Gunning Masses

Induction Linings

➤ Partners

Mining Finland

A member network focused on sustainable mining practices and promoting Finland's world-class mining expertise.
